## Forward-Looking Statements and Risks & Uncertainties

This document and the related oral presentation contain, and responses to questions following the presentation may contain, forward-looking statements that reflect the intentions, beliefs or current expectations and projections of Signify N.V. (the “Company”, and together with its subsidiaries, the “Group”), including statements regarding strategy, estimates of sales growth and future operational results.

By their nature, these statements involve risks and uncertainties facing the Company and its Group Companies and a number of important factors could cause actual results or outcomes to differ materially from those expressed in any forward-looking statement as a result of risks and uncertainties. Such risks, uncertainties and other important factors include but are not limited to: adverse economic and political developments, the impacts of rapid technological change, competition in the general lighting market, development of lighting systems and services, successful implementation of business transformation programs, impact of acquisitions and other transactions, impact of the Group’s operation as a separate publicly listed company, pension liabilities and costs, establishment of corporate and brand identity, adverse tax consequences from the separation from Royal Philips and exposure to international tax laws. Please see “Risk Factors and Risk Management” in Chapter 12 of the Annual Report 2018 for discussion of material risks, uncertainties and other important factors which may have a material adverse effect on the business, results of operations, financial condition and prospects of the Group. Such risks, uncertainties and other important factors should be read in conjunction with the information included in the Company’s Annual Report 2018. Additional risks currently not known to the Group or that the Group has not considered material as of the date of this document could also prove to be important and may have a material adverse effect on the business, results of operations, financial condition and prospects of the Group or could cause the forward-looking events discussed in this document not to occur. The Group undertakes no duty to and will not necessarily update any of the forward-looking statements in light of new information or future events, except to the extent required by applicable law.

## Market and Industry Information

All references to market share, market data, industry statistics and industry forecasts in this document consist of estimates compiled by industry professionals, competitors, organizations or analysts, of publicly available information or of the Group’s own assessment of its sales and markets. Rankings are based on sales unless otherwise stated.

## Non-IFRS Financial Statements

Certain parts of this document contain non-IFRS financial measures and ratios, such as comparable sales growth, adjusted gross margin, EBITA, adjusted EBITA, EBITDA, adjusted EBITDA and free cash flow, and other related ratios, which are not recognized measures of financial performance or liquidity under IFRS. The non-IFRS financial measures presented are measures used by management to monitor the underlying performance of the Group’s business and operations and, accordingly, they have not been audited or reviewed. Not all companies calculate non-IFRS financial measures in the same manner or on a consistent basis and these measures and ratios may not be comparable to measures used by other companies under the same or similar names. A reconciliation of these non-IFRS financial measures to the most directly comparable IFRS financial measures is contained in this document. For further information on non-IFRS financial measures, see “Chapter 18 Reconciliation of non-IFRS measures” in the Annual Report 2018.

## Key observations for Q1 19

- CSG decreased by 3.3%
- LED-based sales grew by 3.6%, accounting for 73% of sales
- Currency comparable adjusted indirect costs down EUR 39m, or 170 bps as % of sales
- Adjusted EBITA margin improved by 80 bps to 7.8%, despite -130 bps impact of FX
- Net income more than doubled from EUR 20m last year to EUR 44m
- Free cash flow of EUR 55m versus EUR -6m in Q1 18, including EUR 17m positive impact from IFRS 16 in Q1 19

## Growing profit engines: CSG of 1.1% and Adjusted EBITA margin improvement of 210 bps

Q1 19	CSG %	Adjusted EBITA (EURm)	vs LY (EURm)	Adjusted EBITA %	vs LY (bps)
LED	-0.2%	54	+11	11.9%	+230
Professional	-1.5%	32	+1	5.3%	+10
Home	24.4%	-7	+14	-6.1%	+1,700
<b>Total</b>	<b>1.1%</b>	<b>79</b>	<b>+26</b>	<b>6.7%</b>	<b>+210</b>

# LED Adjusted EBITA margin increased by 230 bps, mainly as a result of procurement savings and lower indirect costs

## Sales (in EURm) & comparable sales growth (in %)

## Key observations for Q1 19

- CSG of -0.2%; LED lamps showed a solid performance while growth in LED electronics slowed down in Europe

## Adjusted EBITA (in EURm & as % of sales)

- Adjusted EBITA margin increased by 230 bps, mainly as a result of procurement savings and lower indirect costs

## Launching 'Edge' system (driver & module) for high-bay fixtures in US

- Cost effective combi-system-pack of driver and LED modules for high-bay fixtures
- Enables high efficiency and operating temperatures to cater for maximum brightness designed for industrial applications

## Launching the world's smartest outdoor LED driver

- Enables connect-ready and connected outdoor lighting
- Unique IntelliStart inrush current limiter feature for max number of light poles on a circuit breaker
- Allowing high surge up to 10KV for tough environmental conditions

# Professional Adjusted EBITA margin stable at 5.3%, despite lower level of market activity in Europe and China

## Sales (in EURm) & comparable sales growth (in %)

## Adjusted EBITA (in EURm & as % of sales)

## Key observations for Q1 19

- CSG of -1.5%, due to a lower level of market activity in Europe and China, partly offset by a solid performance in the Americas
- Adjusted EBITA margin remained stable at 5.3% as continued indirect cost savings more than offset the negative impact of FX and mix

# Professional business highlights

## Using robotics to install pitch lighting at Toyota Stadium in Japan

- Robotics measurement reduces installation time
- Improves accuracy for aiming of floodlights, horizontal illuminance, color temperature and rendering
- Extra services include syncing lighting with entertainment system

Q&A

# 2019 Outlook confirmed

- Our growing profit engines (LED, Professional and Home combined), are expected to deliver a CSG in the range of 2 to 5%
- Our cash engine, Lamps, is expected to decline at a slower pace than the market in the range of -21 to -24% on a comparable basis.

- For total Signify, we aim to reach an Adjusted EBITA margin within the range of 11-13% (as set at the time of the IPO in May 2016)

- We expect free cash flow, excluding the positive impact from IFRS 16, to be above 5% of sales

# Currency movements positively impacted sales and negatively impacted Adjusted EBITA

## Q1 19 Sales FX Footprint (% of total)

## Key observations

- Positive FX effect on sales of +1.1%, largely driven by US dollar appreciation
- Negative FX effect on Adjusted EBITA of EUR -18m, and -130 bps on the Adjusted EBITA margin, mainly from emerging market currencies, Chinese renminbi and US dollar
- Our policy is to hedge 100% of committed FX transactions and anticipated transactions up to 80% in layers over the next 15 months

# Net income improved to EUR 44m, mainly as a result of improved operational profitability and lower restructuring

## From Adjusted EBITA to net income (in EURm)

	Q1 18	Q1 19
<b>Adjusted EBITA</b>	<b>106</b>	<b>115</b>
- Restructuring	-39	-20
- Acquisition related charges	0	0

Net financial income / expenses	-9	-9
<b>1</b> Income tax expense	-10	-16
Results from investments in associates	0	1
<b>Net income</b>	<b>20</b>	<b>44</b>

## Key observations

- 1** Income tax expense increased by EUR 6m mainly due to higher taxable earnings in Q1 19

# Free Cash Flow of EUR 55m

## Free cash flow (in EURm)

	Q1 18	Q1 19
Income from operations	39	69
Depreciation and amortization	58	70
Additions to (releases of) provisions	54	41
Utilizations of provisions	-59	-57
